The OverDrive Digital Bookmobile will be at the Prescott Downtown Library, 215 E Goodwin Street, on Tuesday, January 27, 2009 from 10 a.m. to 5 p.m.

Millions of people are already downloading audiobooks, eBooks and more for free from their public libraries, and you can too! If you have ever wanted to learn to use OverDrive to download books to your MP3 player or iPod, plan to spend some time at the library with the experts inside the Digital Bookmobile. They will have instructional videos and interactive computer stations to help readers of all ages experience new ways to enjoy digital books and more from public libraries.

After Monday, January 12, 2009 all PC and Mac users will be able to download select audiobooks from YLN libraries. OverDrive recently introduced DRM-free MP3 audiobooks for iPod®, iPhone® and iPod® touch, including support for almost every MP3 player and mobile phone on the market. The launch of OverDrive Media Console™ for Mac®, will provide direct download of MP3 audiobooks to Macs and direct transfer of MP3 audiobooks from Macs to iPod and iPhone products.
