

# YLN LIBRARY NETWORK MANAGER'S MONTHLY REPORT

March 2012

## LIBRARY NETWORK MANAGER'S LOWDOWN

All of the bills for YLN membership have been sent out and we have already received payment from several libraries. If you have any question about your bill or payment please feel free to give me a call. The Yavapai County Free Library District did a phenomenal job getting your bills out once I had the amounts compiled. A special thanks to Barbara Kile and her staff for expediting that process.

I have spent some time this month taking a look at the Federal Educational Rights and Privacy Act (FERPA). The regulations were modified in December of 2011. I have drafted a document detailing how the YLN fits in with the FERPA guidelines. If you are interested in the document please let me know and I will send you a copy. Currently the county attorney is taking a look at it.

The Arizona Customers of Dynix (AZCODI) meeting is quickly approaching. It is going to be held in Phoenix this year at the Carnegie Center. If you can make the meeting on April 13<sup>th</sup> you still have time to register. There is an AZCODI menu on the YLN portal that is available to you after you log in. There you will be able to register and view the people currently registered for the meeting.

Chanel has also done a wonderful job creating a script to handle bounced email messages and responses from patrons. Your designated staff member should already be receiving these bounced and replied-to email messages. If you get one of these bounces please take the time to fix or remove the bad email address from the patron record. Otherwise all of their notices will continue to bounce and the patron will not receive any notifications. You may also want to consider adding a note so that library staff knows to ask the patron for their correct email address when they use the library next.

Respectfully Submitted,

Corey Christians

Library Network Manager

## PRIORITIZATION

### PRIORITY: RESOLVE CURRENT HELPDESK REQUESTS

PROGRESS: ONGOING

#### CURRENT STATUS:

Total Requests opened in March: 55

Total Requests closed in March: 63

Total Requests reopened in March: 12

Total Unresolved Requests opened in March: 4 (unanswered)/13 (answered or awaiting customer response)

Total Requests still open and unanswered: 41

Total Requests still open and awaiting customer response or replied to: 57

Oldest request: 10/19/2010

#### NARRATIVE:

Several requests are still unresolved from February; however, we made significant progress closing older requests. We still managed to close more requests in February than were opened.

### PRIORITY: REWRITE AND REVISE IGA

PROGRESS: FINAL COPY BEING DRAFTED

#### CURRENT STATUS:

Another draft was generated. It is currently being reviewed by YC Attorney Dave Hunt.

### PRIORITY: RFID INSTALLATIONS

PROGRESS: WAITING FOR INSTALLATION REQUESTS

#### CURRENT STATUS:

CVPL is the next in line for installation.

### PRIORITY: DISCARDS/OCLC DELETIONS/OCLC UPDATES

PROGRESS: TEST DELETION FILE SENT

#### CURRENT STATUS:

I have sent a test deletions file to OCLC. The Updates file was successfully processed after some tweaking of the mapping file. The deletions file that is currently being processed consists of about 5000 records. I have selected all the records that have been deleted for the libraries that are requesting batch deletion services since the reclamation. It is important to note that items currently assigned to the DISCARD user are not being considered for this test process. I have not heard back from OCLC yet if the test deletion was successful.

**PRIORITY: VUFind IMPLEMENTATION**

PROGRESS: ONGOING

CURRENT STATUS:

Now that a list of potential features and bug fixes has been compiled a test system needs to be created to start development. Here is the current plan for VuFind:

- 1) *Duplicate the VuFind production virtual server to create a working test server.*
- 2) *Upgrade the test server to the most recent version of VuFind.*
- 3) *Verify that the test server still has all YLN specific functionality intact. This will be done through extensive testing.*
- 4) *Once testing is successfully completed upgrade the production VuFind server.*
- 5) *Begin developing additional YLN-specific features and bug-fixes.*

**PRIORITY: CREATE A NEW PORTAL AND TRANSFER PERTINENT EXISTING INFORMATION**

PROGRESS: TESTING

UPGRADE DATE: JUNE 2012

CURRENT STATUS:

A test version of the portal utilizing the Drupal platform is currently being developed. So far Chanel has migrated user data and articles. Information about the YLN libraries is being organized in a new fashion which will allow patrons to get pertinent information with fewer clicks. YLN libraries will also be able to update this information at their leisure. They will no longer rely on YLN staff to update information about member libraries on the portal. This will help to ensure accuracy and the ability to make timely updates.

**PRIORITY: SERVER DISENTANGLEMENT**

PROGRESS: COMPLETE

SERVER MOVE COMPLETION DATE: 3/25/2012

CURRENT STATUS:

All YLN servers have been moved to the YLN rack.

**EXPAND TELEMESAGE ACCESS**

PROGRESS: PLANNING

CURRENT STATUS:

Progress has not been made.

**PRIORITY: SIF UPLOADS**

PROGRESS: MOVED FROM PLANNING TO DEVELOPMENT

CURRENT STATUS:

A test load has been successfully completed using HUSD student data onto the test server. We are on track to have this working for all schools before the beginning of the new school year.

**PRIORITY: MISSION/VISION/STRATEGIC PLAN**

PROGRESS: NONE

CURRENT STATUS:

An initial set of questions to ask the Network Membership needs to be drafted.

**PRIORITY: TRANSFER YLNNET**

PROGRESS: SERVER CONFIGURATION

CURRENT STATUS:

The existing YLNNET server needs to be replaced. We are currently working on configuring the new server and installing the appropriate software.

**PRIORITY: PPLG CLOSING**

PROGRESS: COMPLETE

CURRENT STATUS:

This is complete.

**NEW PRIORITIES FOR NEXT MONTH**

None
